Company history/background

Personal and safe dating

A growing matchmaking company has developed an accessible product for fair and safe matchmaking alongside its existing services. The intended dating application is based on verified profiles, combined with the convenience of online dating.

Growth capital

The company is seeking growth capital for current services as well as working capital for the development of the application.

Unique selling points

Dating application as an addition to current services

The dating application is an addition to the current services, being:

- 100% personal matchmaking (dedicated contact person for matchmaking, verified dating profiles, intake at clients' homes)
- a personal coach (to delve deeper into the challenges faced when finding a partner)
- Online courses that provide insights and practical tools

Other

Participation in the share capital

The company is seeking an investor willing to provide at least 100,000 euros. Participation in the equity capital, as well as other forms of financing, are open for discussion.
