Company history/background

This company has been active for decades in the wholesale and production of bathroom interiors and heating applications. It has a stable customer base, a strong reputation, and a proven track record in the market.

Over the years, the company has grown from a wholesaler into a combined wholesaler, manufacturer, and distributor, with a distinct specialist profile. The company offers a solid foundation for acquisition, expansion, or integration.

The company is engaged in:

- Import, development, production and distribution of bathroom furniture, accessories, sanitary ware and heating
- Efficient modular system → short delivery times and limited stock
- In-house production processes and assembly → high margin and flexibility

Unique selling points

The company distinguishes itself through efficient and well-organized business operations, its own production capacity, and smart inventory management. In addition, the enterprise possesses a clear specialist profile within its market segment and offers potential for further growth or integration.

- **In-house production capacity** → full control and higher margins
- **Smart modular system** → short delivery times, low stock, maximum flexibility
- **Specialist profile** → clear positioning in the market
- **Efficient inventory management** → growth potential for new owners

Other
