Company history/background

Flower shop has existed in its current form for over 10 years. Sale of the entire business, fully furnished and ready to be taken over immediately. Ideal for a starting entrepreneur, but also for seasoned professionals. Selling due to personal circumstances.

A thriving shop specializing in silk flowers, home decor, and lovely gifts, in addition to flowers and plants. We have a loyal customer base and a strong position in the region. Furthermore, the shop has a strong presence and the business has been built with great care and love. The assortment is carefully curated and aligns well

with current home and interior trends.

The shop offers ample opportunities for further growth, both in product range and online visibility. Additionally, we specialize in bridal work and funeral arrangements.

Unique selling points

There is still significant growth potential in the market, particularly by looking beyond just fresh cut flowers and plants. Silk flowers are on the rise, and we have a wide selection of those as well.

Other

Our shop is still operational, so it can be taken over immediately. That is why this is suitable for any entrepreneur. If you are just starting out on your own, everything is in place to get started, so apart from the takeover price, few investments are required. Additionally, the shop is also very suitable for a creative entrepreneur who wants to take over an existing, stable base and expand it further.

We offer the opportunity to assist and train the buyer for a period. Additionally, there are staff members who are all fully trained and can run the store independently.
