### Company history/background

This company has a very long history in the mid- and upper segments of the regional renovation market, primarily for private homes in central the Netherlands. As a certified dealer of a leading European premium brand, it has built a strong reputation in the region by prioritizing quality. A showroom is available. There are sufficient opportunities to realize the next growth phase.

### Other

## Investment considerations

- Certified premium dealer partner with own showroom
- Large private client base with more than 3,000 relationships.
- Demonstrable growth potential through cross-selling
- Stable and experienced team.

## Transaction objective

Conscious and well-prepared sale by the owner following a period of planned growth. Not a forced exit scenario. The seller is willing to arrange a handover period.
