## Financial information

### Turnover last financial year

> 100.000.000

### Asking price

> 100.000.000

### Earnings before taxes

€ 0 - € 100.000

## Company history/background

### Sought:

- Physiotherapy practices in the **Nijmegen – Eindhoven – Venlo – Maastricht** region
- Practices with one or more locations
- Both general physiotherapy and specialized disciplines
- Companies with a stable patient portfolio and a good regional reputation
- Practices whose owner desires a direct transfer or is willing to remain involved during a transition period

The buyer adopts a long-term vision and focuses on sustainable growth through targeted acquisitions. The goal is to jointly develop a strong regional network of physiotherapy practices, while preserving local identity, quality of care, and continuity for employees and patients.

## Unique selling points

The organization has a strong position in the market, has a professional team of practitioners and support staff, and actively invests in quality, innovation, and multidisciplinary collaboration.

## Other

### Transaction type

- 100% takeover
- Flexible arrangement for transfer and exit
- Option for phased transfer if desired
- Careful guidance of employees, patients, and referrers during the integration process
