### Company history/background

This is a great opportunity for an enthusiastic entrepreneur looking to start a new take-out & delivery location in De Venen. There is currently no branch in this area. Together, we will search for a suitable location in the Alphen aan de Rijn, Mijdrecht, Nieuwkoop area or the surrounding region. This new location belongs to a franchise that is a major player in the market and operates with a revenue guarantee.

The franchise operates nationwide in the foodservice industry and distinguishes itself by offering daily fresh

meat meals that are prepared using traditional methods. The assortment includes not only spare ribs but also an extensive selection of burgers, including beef, chicken, and veggie burgers, as well as chicken satay and chicken legs. The franchise is known for its high quality and flavorful meals, which can be delivered or picked up quickly and easily.

The entrepreneur receives full support from headquarters during the start-up and operation of the restaurant, including marketing and promotional activities. The company also offers extensive training and operational support to ensure the franchisee has the best possible chance of success.

If you are interested in this exciting opportunity and want to be part of the team, please contact us for more information. This is your chance to run your own delivery restaurant in a beautiful location with great potential for success.
