This renowned company is an established name within the Dutch sports sector. The company specializes in the production, installation, inspection, maintenance, and repair of sports and gym equipment and play materials.

The core activity consists of the in-house design and production of high-quality sports equipment and play materials. The company offers high quality. They collaborate with the customer and make every effort to unburden them. This enables them to offer customized solutions that are also usable for the future. The company has a stable and recurring revenue stream.

The client portfolio is broad and diverse, with customers spread throughout the Netherlands and occasionally in Belgium. Clients include schools, municipalities, sports clubs, and trading companies, among others. There is no dependence on individual clients, ensuring that revenue is well diversified and risk-limited.

Unique selling points

The company has an experienced team of employees and an efficient, flat organizational structure. The company is strategically located in a good location in the Netherlands and operates from owned business premises.

Revenue for 2025 amounts to approximately €1,400,000, with an EBITDA of approximately €300,000. The outlook for the future is very good. This concerns the sale of 100% of the shares.

Other

The current owner is responsible for day-to-day management and wishes to carefully transfer the company to a successor who can further expand the successful activities.

This acquisition offers excellent opportunities for both strategic parties within the sports and recreation sector and for a management buy-in (MBI) candidate with an affinity for production, engineering, and entrepreneurship. Thanks to its strong reputation, long-standing customer relationships, and solid market position, this company forms an attractive platform for further growth.

A unique acquisition opportunity: a financially sound company with a proven business model, a strong name in the market, and excellent growth prospects for the future.
