Company history/background

The company is a trading firm based in the Southeast Netherlands, with a long history in the field of decorative paving and garden materials. It is a regional specialist with a strong reputation, a loyal customer base, and attractive growth potential.

The company specializes in decorative paving, ceramic tiles, natural stone, and related garden materials.

The clientele consists of both private and business customers, including landscapers and pavers.

Unique selling points

The company is run by the current shareholders, who manage a small team.

The organization is characterized by short lines of communication, a high degree of customer focus, and long-term relationships with both suppliers and customers.

Other

The company has been achieving stable results for years and has a healthy financial position.
