## Company history/background

Our client is an administration and insurance agency based in North Brabant. The organization consists of a team of **9 people** . In 2025, the agency generated a turnover of over **€800,000** ( **4/5 FTE** including the owner). It is a local agency with an excellent reputation, where clients are primarily located in the immediate vicinity.

The reason for this current step is that the owner wishes to step back after years of hard work and is therefore

looking for a party that can guarantee continuity for employees and customers.

The firm is well-positioned to realize further revenue growth within the current client base and externally.

This is a unique opportunity for an interested party wishing to expand or establish itself in North Brabant.

With the right partner, growth can be strengthened and synergy benefits can be achieved.
