Company history/background

An acquisition of a company active in secondment and recruitment & selection. Specializing in process management and projects within the banking/insurance sector, finance and control, and/or the IT sector. The company sought has extensive experience in consultancy, recruitment & selection, interim management, and secondment. The company's area of operation covers the entire Netherlands. The company has built up a leading position. Clients are diverse: banks, other financial institutions, and companies. The employees are primarily financial professionals, project/process managers, and/or IT professionals at HBO/WO level. Initially, companies with 25–35 employees are being considered. The owner wishes to ensure a careful transfer together with the acquiring party.

The company is also active in the fields of secondment, interim management, and consultancy. All staff (around 100) are employed by the company. In appropriate cases, specialized freelancers are hired for specific assignments.

Unique selling points

The acquiring company aims to double its turnover over the next 10 years, and this cannot be achieved solely through organic growth. Turnover in 2023 is over €10.7 million and is generated in the Netherlands and Germany.

Other

The buyer would like to double the company's revenue together with the seller.
