Company history/background

On October 23rd, I purchased a franchise for the development of a business coaching company in Limburg. With 1,000 coaches, we are the world's number one company in business development, coaching, and consulting, coaching 15,000 entrepreneurs weekly across 83 countries. On December 24th, a partnership was added with a commercial real estate broker, the market leader in the Netherlands in the administration and accounting firms sector and highly active in staffing agencies. In this way, a complementary and unique offering has been created. Business coaching ensures a stable monthly income, while mergers and acquisitions are a very lucrative addition.

We specialize in helping entrepreneurs INCREASE their income and profit, gain MORE free time and BETTER team performance, or bring order to the chaos of everyday life. At Onderneming, we work with a method proven for 30 years to achieve this. The method works for every company.

Through commercial brokerage, a dominant position can be acquired in Limburg in several business sectors within one year.
