MEP, HVAC, piping installations targeting the EU market. The production site is based just 30 km from the EU border. Operating as an OEM (Original Equipment Manufacturer), the company produces exclusively under its

customers' brands, adhering strictly to their standards and specifications.

Leveraging its expertise, the company supplies small to medium-sized series of quality fastening materials,

primarily for the HVAC, M&E, and piping systems industries.

The company's production takes place in a production hall of 500 m², with a seperated 550m² as warehouse

space. The complex is leased. The company owns 6,600 m² of **building land** (including all building permits) in an industrial area where several internationally renowned companies are located. A **new production hall** is planned

to be constructed on this site. The company has a stable workforce of approximately **15 employees**, additionally

approx. 10 flex workers. Management and engineers speak English and the entrepreneur also speaks Dutch

and German. The company is internationally oriented.

Unique selling points

• The company has guaranteed growth potential to double or even triple with the right input.

• Fully certified with CE mark and the following ISO standards: ISO 9001:2015 (quality management), ISO

14001:2015 (environmental management), ISO 45001:2018 (health & safety), Welding ISO 3834-2 (welding

quality), EN 1090-2 (steel/aluminum structure execution).

• Strategic location near the EU border with excellent logistics advantages, including proximity to rivers, an

international airport, and major highways, enabling fast and efficient delivery.

With 12 years of international expertise, we specialize in producing and co-developing high-quality fastening

materials tailored to the diverse needs of **EU clients**, ensuring compliance with strict standards and fostering

strong, collaborative partnerships.

• Flexibility to quickly adapt new products to evolving market demands.

Competitive pricing without compromising quality or speed.

Ability to produce small to medium series, offering fast lead times.

Other

We are seeking for a co-shareholder for an equity investment to grow the company.

Knowledge and assistance in professionalizing and automating the business are strongly sought after.

Detailed information is of course available upon request.
