Company history/background

The owner built this concept from scratch into a renowned retail concept. Webshop and social media presence. Many international customers and located next to a popular coffee bar, currently with an internal connection between the shop and the coffee bar.

The business is engaged in the sale of clothing (60%), shoes (30%), and accessories (10%). Additionally, there

is an online shop. The store has a retail floor area of 120 m². The store, featuring a wide entrance door and a large display window, is situated in a very attractive location on a main road leading to the city center. The street offers a diverse range of shops and is bustling with activity. The rental price is €3,125 per month, including VAT.

Unique selling points

This concerns a concept store in a unique location in a major city. Maastricht is the 'Gateway to Europe'. There are ample opportunities for expansion via the webshop. The company has a very sophisticated assortment.

Other

The business is highly interesting for a fashion startup and/or an entrepreneur looking to expand. Very suitable location for a brand store. Deliveries can be made through the front door onto the street.
