### Company history/background

This renowned company was founded in 2002 and has since built a strong regional presence. The business is situated in a secluded location with parking available right outside. Due to the owners' health issues, the company is available for acquisition.

The company boasts a very neat, atmospheric, and inspiring showroom featuring current mid- to high-end

collections. The company has highly knowledgeable and friendly staff who possess excellent advisory skills and years of experience. The team's service is highly regarded, and great attention is paid to it.

## Unique selling points

A complete concept (full service) is offered in the field of sanitary ware, kitchens, and tiles on a sales floor area of 1,000 m<sup>2</sup>. This ensures the customer is completely unburdened. Additionally, internal renovations can also be carried out. Furthermore, the company generates a very stable turnover with an excellent result.

## Other

The business is interesting for both a start-up entrepreneur and an entrepreneur who wants to expand with an additional branch.
