Company history/background

This establishment is a well-established hospitality venue in the center of Lisse, located on Kanaalstraat in a characteristic building with a large, sunny south-facing terrace. The business was formed through the acquisition of an existing pancake and restaurant location in July 2019, after which the current operation has been successfully continued. Over the years, this location has become a beloved destination for both local residents and tourists visiting the region.

This location is offered on a franchise basis, which means that the entrepreneur takes over an existing location within a national hospitality concept. As a franchisee, you work with a proven formula and receive support from

the network, while still retaining your own entrepreneurial spirit.

The company focuses on serving guests with a broad and artisanally composed menu, in which the emphasis lies on pancakes and other tasty dishes such as soups, salads, and meat dishes. The offering is diverse and intended for various target groups—from families to tourists—with options for both lunch and dinner.

The establishment features a spacious hospitality area with a total of 142 seats, distributed across the front and rear terraces, the restaurant itself, and a conservatory. Due to its location near Keukenhof and the bulb fields, this business is also attractive to recreational visitors.

Unique selling points

What sets this establishment apart is the combination of an authentic location, an extensive menu, and a cozy experience. The location in a charming farmhouse in the center of Lisse and the sunny terrace create a pleasant atmosphere that invites guests to enjoy themselves both indoors and outdoors.

In addition, this branch is fully established, and the new owner benefits from an existing team, a strong local reputation, and potential for further growth, including through delivery and corporate purchases.

Other

This establishment is offered with an acquisition price of approximately €70,000 and generates a turnover of approximately €250,000 in current operations. The business has a strong position in a touristically attractive area and is curated with a fully furnished hospitality establishment featuring indoor and outdoor seating.

The business is particularly suitable for a driven entrepreneur with experience in the hospitality industry who wishes to build upon a successful operation and the existing customer base. Franchise support offers guidance on acquisition, marketing, purchasing, and business operations, while allowing room for personal initiatives to further stimulate growth.
