Company history/background

The company was founded in 2004 and has grown into a very solid business with deep roots. The company name, complete website, and inventory are offered for acquisition. The company is a great addition for a catering business or a start-up in the party service and catering industry.

The company is currently located in a beautiful building of its own on an industrial estate. The building is not for sale, but a lease is negotiable.

The company rents out beautiful furnishings for small luxury private parties as well as for corporate events of up

to 500 guests. The company also provides complete catering for luxury private parties and corporate events.

Many collaborations with industry peers have been established, resulting in significant deliveries to caterers, event organization agencies, and other event-related companies.

Unique selling points

The company has a rich history and often leads the trend when it comes to materials.

The company has never been very active on social media. The only sales strategy is via the website, so there is still a huge opportunity here!

Other

The company is seeking a new, energetic entrepreneur who wishes to continue running the business. It is possible to quickly double turnover in a short period of time. The current owner is willing to ensure a thorough handover period and can also assist afterwards, but for three days a week. The business is being offered for acquisition because the current owner wishes to take things easier after 30 years of entrepreneurship.
