A unique opportunity to acquire a rapidly growing and fully certified service provider within the transport sector. This organization specializes in payroll services and back-office support for drivers and currently serves dozens of clients across the Netherlands.

The company distinguishes itself through full compliance with all relevant certifications and industry standards, positioning itself as a reliable partner for transport companies looking to outsource their driver operations.

Unique selling points

The company has experienced explosive growth in recent years. Revenue for 2025 amounts to €500,000 with an EBITDA of €367,000. For 2026, revenue is projected at approximately €650,000 with an EBITDA of €450,000. This highlights a solid financial foundation and significant growth potential.

The organization operates a scalable business model with recurring revenue from long-term client relationships and offers substantial opportunities for further expansion. The current office is located in the Randstad region, but operations are easily transferable and can be continued location-independently within the Netherlands.

Other

We are seeking a Management Buy-In (MBI) candidate or a strategic buyer willing to acquire 100% of the shares. This opportunity is particularly attractive for parties looking to expand their existing activities, as well as for entrepreneurs with an affinity for the transport sector.

This represents a compelling opportunity to step into a proven, profitable, and fast-growing business.
