Company history/background

Since its founding in 2017, this leading gym in North Holland has evolved into much more than a traditional fitness club. The company distinguishes itself through a holistic approach to health, where both physical and mental vitality take center stage. Personal attention, community building, and high-quality guidance form the core of its success.

The gym boasts extensive and modern facilities with various specialized training areas. In addition to a spacious

fitness floor, there are group class rooms, a reformer Pilates studio, a martial arts section, and innovative training concepts such as E-Gym. Furthermore, the location features an atmospheric barista bar with a lounge area, contributing to a strong community experience and customer loyalty. Moreover, thanks to the generous size, there are excellent opportunities for further expansion and growth.

The company has built up a broad and loyal target group. Not only adults, but also children, teenagers, and seniors actively make use of the services offered. In addition, the share of business clients is growing strongly, partly thanks to good collaborations with companies, municipalities, and educational institutions.

The experienced and committed trainers offer personalized, tailored guidance and create an environment where members feel welcome, motivated, and supported. This approach he

Other

The company realized a turnover of approximately €740,000 in 2025 with an EBITDA of approximately €260,000.

Thanks to the strong organization and the fact that the company is not dependent on the current owners, this business is particularly interesting for both a strategic buyer looking to scale up within the sports and health industry and for an MBI candidate with relevant experience who wants to build on a solid foundation.

The current owners will ensure a smooth transfer.

An excellent opportunity to join a fast-growing company within the dynamic market of health, sports, and vitality.
