**Company history/background**

For acquisition: a Basic Mental Healthcare (BGGZ) psychology practice in the center of The Hague. Renowned practice with years of proven performance. Profitable, long-term lease. Excellent name recognition, with a stable client base of over 150 clients. The practice has been established for over 23 years.

A healthcare psychologist conducts intake interviews with clients, observes behavior, and interprets psychodiagnostic assessments to establish a diagnosis and develop and implement a treatment plan. The

treatments are scientifically grounded and may consist of cognitive behavioral therapy, schema therapy, EMDR, or other recognized methods. Additionally, the healthcare psychologist advises colleagues and collaborates with other healthcare professionals such as psychiatrists, general practitioners, and social workers.

The company is interesting for:

1. Experienced healthcare psychologist who wants to start their own practice
2. Duo/partnership of psychologists
3. Existing mental healthcare practice looking to expand
4. Case manager with entrepreneurial ambition
5. Freelance psychologist looking to advance

**Not suitable for:** investors without BIG registration or start-ups without qualifications

## Unique selling points

The practice owner works with contracts from all Health Insurers. Currently, over 150 clients are receiving treatment; there are new registrations on a weekly basis. If the new practice owner(s) possess(s) the primary required qualifications, such as BIG-registered Healthcare Psychologist, and comply with the Quality Statute in accordance with the requirements of the Health Insurers, billing can commence immediately based on the current contracts with the Health Insurers for the 2025/2026 period.

## Other

The practice owner enjoys an excellent reputation and is willing to continue guiding the Buyer for a period after the acquisition.

The company is well-suited for a candidate who meets all the educational requirements applicable in this sector.
