Company history/background

Dutch outerwear specialist with a long-standing market position within the European fashion market. Over the years, the company has built a strong reputation for quality, sourcing, and customer relationships.

Development, sourcing, and distribution of outerwear collections under own brands and private label. The company supplies retailers within Europe via an international network of agents and distributors.

Unique selling points

Strong combination of own brands and private label activities, supported by long-standing supplier relationships, international sourcing capabilities, and an established position within the European outerwear market.

Other

The company is attractive to both strategic buyers and investors looking to expand within apparel, sourcing, or European distribution. Suitable as a platform for further international growth and commercial expansion.
