Company history/background

The company is an administration office with a long history and has existed since 1939. Over the years, the office has built a reliable reputation in the 's-Hertogenbosch region and serves both small business clients and private individuals.

Thanks to its long presence in the market, the company enjoys a stable and loyal client base. The organization is compact in size and currently has approximately 1.5 FTEs, ensuring short lines of communication and allowing clients to count on personal contact.

The activities consist of managing financial and payroll administration, preparing and filing tax returns, and providing financial and tax advice.

The services are aimed primarily at small business entrepreneurs and private clients who require a reliable, accessible, and expert administrative partner.

Unique selling points

The company's distinguishing feature lies in its long history, personal approach, and the loyal client base built up over the years.

Due to the small-scale structure of the firm, there is ample room for direct contact, involvement, and tailored solutions. Clients appreciate the continuity, reliability, and personal attention of the firm.

Other

For an acquiring party, the company offers an interesting opportunity to take over an existing portfolio of loyal clients in the 's-Hertogenbosch region. The company forms a solid basis for continuation and potentially offers room for further growth, for example through the expansion of services or further digitalization.
