Company history/background

This healthy and stable body repair business has been successfully built up by the current owner over the past 20 years. The company is in a mature phase and is ready for a new step. Due to the owner's wish to transfer the business after two decades, this unique proposition is now coming onto the market.

The core activities consist of high-quality and specialized damage repair for both interior and exterior. The

company operates on a broad international playing field: projects are carried out throughout the Benelux and in major European metropolises such as Paris and London. On an annual basis, between 800 and 1,100 projects are successfully completed with great regularity.

Other

- **Strong Reputation & Autonomous Inflow:** The company enjoys an excellent name in the market thanks to a consistently high level of quality and service. This results in a daily stream of new assignments, without the need for active acquisition.
- **Extremely flexible cost structure:** There are no permanent employees. Operational capacity is fully provided by a high-quality and loyal network of freelancers, keeping fixed costs to a minimum and allowing for a rapid response to market developments.
- **Healthy profitability:** With a normalized EBITDA of €149k (forecast 2026) to €166k (forecast 2028), the company shows stable and healthy margins on compact revenue.
