Company history/background

Will you make your entrepreneurial dream come true by opening your own snack bar in Amsterdam West? A unique opportunity for both the budding and seasoned entrepreneur.

In Amsterdam West, on a lively street with culinary hotspots, charming boutiques, and cozy terraces, we see plenty of opportunities. This franchise concept fits in perfectly here, offering an extensive range full of

convenience and flavor. That is why we are converting an existing and successful cafeteria into—perhaps—your very own cafeteria. The cafeteria has been a household name for years. This is a unique opportunity, as hospitality spaces rarely become available here. Will you become our newest 'fries boss'?
