Company history/background

Offered is a well-organized childcare organization in the Rotterdam region. The company has been active since 2020 and is growing year-on-year in revenue and EBITDA.

The childcare organization operates a day care center (KDV) and out-of-school care (BSO) from a single location in the Rotterdam region. The day care is intended for children aged 0 to 4, and the out-of-school care for children aged 4 to 12. The licensed capacity amounts to 48 KDV places and 11 BSO places.

The childcare takes place in a rented, characteristic building with a spacious outdoor play area. The organization has 15 employees (12 FTE), largely employed on permanent contracts.

Unique selling points

The company combines a professionally organized structure with a warm and personal approach. Parents appreciate the home-like atmosphere and personal attention, which has led to a loyal client base and an active waiting list.

The experienced team and the operational director ensure continuity and limit dependence on the owner.

The company is located in a characteristic building in a sought-after location and offers both daycare and out-of-school care under one roof.

Other

An attractive opportunity for strategic buyers or investors looking to invest in a stable, profitable childcare organization with a strong market position.
