Company history/background**Training programmers**

Entrepreneurs – including those with extensive experience in ICT – intend to train young people facing barriers to employment to become programmers and developers, via a proven training program.

Secondment

Subsequently, the young and expertly trained programmers and developers are deployed for secondment assignments and projects.

Unique selling points

Target groups

- young people with a distance to the labor market, including status holders
- young, single mothers
- young unemployed

The expected training duration is 3–6 months.

Other

Partners wanted – 100K Euro requirement

Entrepreneurs have granted a mandate to seek (financial) partners for the rollout. Government funds are also expected to be made available.
